Waterproof Zipper  
**AQUASEAL®**

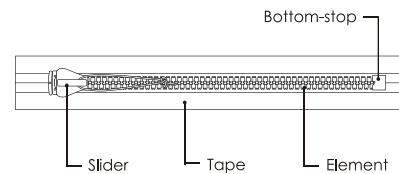

AQUASEAL® is a flexible waterproof zipper with plastic teeth.

Lightweight / Flexible.

Easy and smooth operation.

Plastic and stainless steel sliders have high resistance to corrosion.

#### Structure

#### Care Instructions

- Always follow the product manufacturer's instructions.
- Overstretching of the top and bottom stops should be avoided.
- Regular cleaning with fresh water and use of a suitable lubricant is advised in order to prevent damage to the tape and seals.
- AQUASEAL® is sensitive to UV degradation, creasing, delamination and wear through friction.
- Folding or crushing may affect zipper performance.
